Building an adaptable enterprise with Oracle solutions from Atos|Syntel

Oracle is one of the world's foremost software platforms, delivering transformational solutions like its pioneering E-Business suite, cloud solutions, and applications like Fusion, PeopleSoft, Hyperion, Siebel CRM, SOA Suite and Oracle BI.

Atos | Syntel

Trusted partner for your **Digital Journey**

As an Oracle Platinum partner, Atos|Syntel helps clients maximize the value of their investments in Oracle solutions with an industry-focused approach, global pool of skilled consultants, and more than two decades of experience.

Our Solution

Our end-to-end solutions and services focus on customer experience, innovation, continuous improvement, operational excellence, smooth delivery and compliance. Atos Syntel's offerings for Oracle include:

Consulting and Digital Transformation

- Oracle cloud transformation strategy
- Digital workplace transformation
- Application assessment
- Change management

Consolidation and Harmonization

- Legacy modernization
- Implementation and rollout
- Oracle Cloud transformation

Cloud Solutions

- Oracle Cloud SaaS: HCM, SCM, FIN, CX
- Oracle Cloud PaaS: Business Analytics, AI, Mobile

Upgrade, Migration and Integration

- Application upgrade
- Cloud migration
- SOA-based enterprise integration
- Fusion middleware
- Web services, BPEL

Application Development and Management

- Application management, innovation and enhancement
- Continuous improvement
- Agile methodology
- Hyperion, OBI, PeopleSoft, E-Business Suite and Siebel
- Traditional and cloud-based app development

Robotics and Automation

- Test automation
- Process automation

Tools and accelerators

Based on our experience executing large-scale Oracle implementations for clients, Atos|Syntel has developed a suite of tools and accelerators to ensure successful rollouts, risk-free upgrades, and efficient development and support. They include:

- A flexible, automated **migration framework** that employs unified templates to significantly accelerate data migration from legacy to cloud
- An **upgrade utility** to accelerate the upgrade cycle for PeopleSoft, OeBS and Fusion

- A set of **proprietary test cases** for standard Oracle application business processes using Oracle Applications Testing Suite (OATS)
- A **cloud app implementation toolkit**, which includes an assessment kit, set-up checklist, data migration toolkit and application test accelerator

The Atos|Syntel difference

Strategic Focus on Oracle Solutions

Investment in a strong Oracle practice with common design and delivery methodology and a strong focus on innovation. We were the first partner to implement Oracle's Advanced Planning System (APS) and Oracle CRM in Europe.

Cost-effective Global Delivery

100% Atos|Syntel owned offshore teams to eliminate dependency on external partners and complicated delivery arrangements. Reduces risk and improves accountability and customer comfort.

Strong Oracle Partnership

Atos|Syntel is a Platinum Oracle Partner, with ready access to expert resources to help design and deploy high-quality solutions.

Experience with Global Oracle Projects

Atos|Syntel has successfully delivered some of the world's largest Oracle engagements, including global deployments of Oracle Cloud, Siebel, PeopleSoft, OeBS, Fusion, and Business Intelligence.

Complete, End-to-end Solutions

We deliver a suite of full lifecycle Oracle services, including consulting, implementation, systems integration and managed services for Oracle applications and technology.

Multi-industry Expertise

Atos|Syntel draws on a deep pool of domain experts in manufacturing, retail, logistics, banking and financial services, healthcare, telecom, media and insurance. These professionals have a broad range of experience in areas including advisory, legacy modernization, ERP transformation and rollouts.

Our experience

- Transformed a global pricing application for a Fortune 50 logistics company using Oracle SOA and BPM 11g. The new app **increased customer satisfaction by 25%** by enabling faster price calculations, and **improved application performance by 30%** with new integration components.

- Executed an ERP transformation for a global manufacturer by implementing Oracle E-Business Suite. The project used Voice Picking to **improve warehouse efficiency by 43%**, reduced manual ledger allocation efforts by 30%, and achieved a **70% reduction in cutover time**.

About Atos

Atos is a global leader in digital transformation with 110,000 employees and annual revenue of € 12 billion.
